

WOOF Digital

Digital Truth into Live Performance

Hello! Teastain Theatre are looking to gather stories and accounts of people's experiences of **cat-calling**. We are looking for people who want to share their experiences

- We want to hear about any experiences- big or small, positive or negative
- They don't have to be shocking or an 'event', but can be
- They can be about one particular time or your experience of cat-calling in general
- We want to hear from people of all ages and backgrounds

If you don't know where to start, here are some things to think about:

- How old were you when you were first cat-called?
- Day-to-day, how aware are you of cat-calling when you're out and about?
- How does being, or not being, cat-called make you feel?

These can be submitted in any format. Voice or video recordings would be preferable but we also welcome text.

Please email them to teastaintheatre@gmail.com. Larger files can be sent via wetransfer.

Check out our website to see more details on what the whole project is about, and why we are launching it now:

With the owner's permission, we are hoping to in time, share extracts of a range of these experiences online to begin a digital conversation on cat-calling. These may be recreated and shared as short video clips, images or text. These will be shared anonymously unless specified by the owner. Please get it touch if you have any questions.
